

Cuore

Bialetti presents **Cuore**, an espresso machine created to surprise and thrill. **Cuore**, in fact, is the **first and only floating coffeemaker**: its soft lines create a perfect heart that rests on an elegant satin-finish base specially designed to ensure maximum stability.

The charm and originality of the design are matched by cutting-edge technological features and top-quality results. Bialetti has equipped **Cuore** with a **new, patented brewing system** that guarantees optimum coffee extraction, allowing the exquisite blends of the **Bialetti – I Caffè d'Italia** capsules to shine through.

Available colours: Red, White
