

Mokina

There's no better little pleasure in life than an espresso. Today, that's made possible by Mokina, a cafetiere specially designed to produce a 40ml coffee. Mokina has all the characteristics that made the Moka Express so iconic, simply condensed into a smaller space for those who want a quick coffee break without compromising on the intense flavour.

Specifications

- Shiny aluminium body
- Handle and knob in nylon
- Exclusive, patented safety valve
- Makes a 40ml coffee
